DEDICATION

For six years you have helped our yearbook staffs realize the true meaning of responsibility, and accept it. At numerous times we felt that the job of producing a year book would never be complete. But when we had a deadline to meet, you gave us that extra push of enthusiasm that encouraged us to finish on time. During these years, Mr. Graber, we regarded you not only as an understanding teacher, but also as a wonderful friend. With many thanks for your guidance, we the class of 1963, wish to dedicate to you, this record of a year's events at C. H. S.
