## DEDICATION

We, the Seniors of Tell City High School, Class of 1959, do hereby dedicate our annual to you, Our Parents. It is with deepest respect and appreciation that we do so. Our yearbook is one of the most important achievements in our school life and we would like to share it with you. Please accept the dedication of our annual as an expression of the love and appreciation which we have for you. If it weren't for you behind us, giving us a helping hand here and a discipline there, we would not be the people we are today. Your guidance has helped in the formation of memories which happily end our high school career and make us ready to take that important step forward into the world of tomorrow.

Main Street, Tell City, is one of the grandest Roads in the whole world to us ---- largely, because it, and the people who built and use it, have helped to determine our past, our present, and our future.

"We are part of all we have met:" applied to the Greeks, thousands of years ago, and applies equally well to us today. We are just beginning to realize that not one of us has ever (not YET, at least) had one original thought or idea, but that everything we say, do, and think, is, and likely will continue to be, copied from the ideas and actions of our friends, of those, who like us, consider Main Street, Tell City as synonymous with home.

Thus, it is with pride that we recall memories of events in our home, church, jobs, social life, that have helped us become the individuals that we are, each with some ability that will be useful to our community.

Come, stroll with us down memory lane.

A happy home life is a 'must' for a happy school life. Here, the Hein family show their version of an evening at home.

## OUR HOME LIFE

Kate Schaefer knows that Mom always gives expert advise on sewing problems.

Charlie Peter would like to be as smart as his Dad some day - so he's starting out on the right track, by learning how to take a shooting iron apart.

Jane and Mary Clemens have learned that household duties---

## HAS BEEN OF GREAT VALUE

while Janet Boerste and Mary Toy are fully aware that many other chores are necessary to keep this old world rolling!

Do you suppose Donna and Glenn are REALLY working that hard, or just trying to fool us?? A high school education does take a lot of this stuff, however.

## THERE'S A LOT TO THE SCHOOL DAY

OH! those intermission jams!! It's a wonder that we EVER get to the next class on time!!

Those noon-hour conferences at Wooks!!

The longest way is ALWAYS the best way!!

## BESIDES CLASSES

Ronnie Dersch operates the school multigraph, and inspects, as Janice types a master for him. Nelda is on the beam, too.

Those after-the-game dances!!

All bright eyed and alert at 3:00 A. M. are Carolyn Blunk, Dona Blandford, Doris Kessans, June Hoesli, Barb Kilian, Pat Jarboe, Marcy Edwards, Bev Devillez, Janet Boerste, and Carolyn Ramsey. And no-one else seems to be having more fun than--who else?--our hostess, Jan. But where's Sue??

## THOSE SLUMBER PARTIES!!

Find anything, girls?

Jan's tied up the line again; Dona and Carolyn are getting mighty impatient. They want to talk to their boyfriends, too!!!!

Pat's famished AGAIN!!!! And it looks like Marcy and Barb have decided to join her!!!!!!

Everyone's starved,

It looks like Jan

is talking to Bob again.

especially Janet!!

It's always fun at a party!!

## OUR G. A. A. PARTY

BEFORE

AFTER

Bet it's NOT the Blue Danube!!

"It can be work, or it can be play" depending on how you look at it."

## ALL WORK AND NO PLAY MAKES JACK A DULL BOY

Bev, Carolyn, Pete, Mary, Bill and Kenny all seem to agree that boats and the Beautiful Ohio mix nicely on a beautiful fall day.

A new road is a thing of beauty, both to see and to use. Into its construction has gone many hours of planning and work. The same applies to our school life -- many activities go on that visitors never see when they come to P.T.A. Back-To-School program, a ball game, or on business call to the office.

Remember -- those jam sessions at noon hour in cafeteria, in back of the auditorium, on the front steps? What a lot of fun play practices were? How good those hot dogs were at ball games? How thrilled we were to make honor banquet? Those wonderful band trips? The first Junior rings you wore around your neck? How much nicer our sophomore sweaters were than those on the year before or after? Those archery, band and football practices on the south lawn?

Reminisce with us as we recall a few of these-----

We learn how to make 'em go, how to stop 'em, and how to fix 'em, in driver's training.

"Tough boy" Joe Kleeman really slays 'em in Springtime for Patsy"

THESE  
THINGS

We hope these boys will remember what part of the animal the choice steaks come from!

WE  
DO

"Woops! do I sound that bad"?

"Reading, 'Riting, and-algebra -all are fun at T. C. H. S.

Dud and Mary are trying hard to convince us that they know how to (1) draw and (2) spell.

DAILY,  
THESE  
THINGS

ARE  
SEEN

Do I credit this, or  
debit it?

"Oh, give me a home---  
--where the buffalo roam"

"Works just like Grandma's water  
pump" but it helps our gals to learn a bit  
of physics.

Suppose they'll pick college or-----?

"Any home-maker who can't sew is lost" could be the motto of these gals, caught in a corner of our home economics department.

BY

## FEW OUTSIDERS

"One, Two, One Two!! A good work-out will make these gals grow, keep them out of mischief, and make their dinner taste better.

There have been many pleasant vistas along our ROAD of LIFE and ROAD of LEARNING -- remember???? -- your first bicycle? your first weekly allowance? the first time SOMEBODY held your hand all through a picture show? your first heels? your first pair of roller skates? your first can-can? those rug-naps in kindergarten? your first "mutual admiration society"? that wonderful rhythm band? dissecting that frog in biology? your first job? the first pie you ever made all by yourself? the first time you were allowed to have the family car? your first date???? Yes, these memories remind us that the ROAD of LIFE is not all work, and that the ROAD of LEARNING is not all drudgery. Come, walk with us through memories of our clubs, activities, and parties.

**A GAME MAN'S PRAYER**

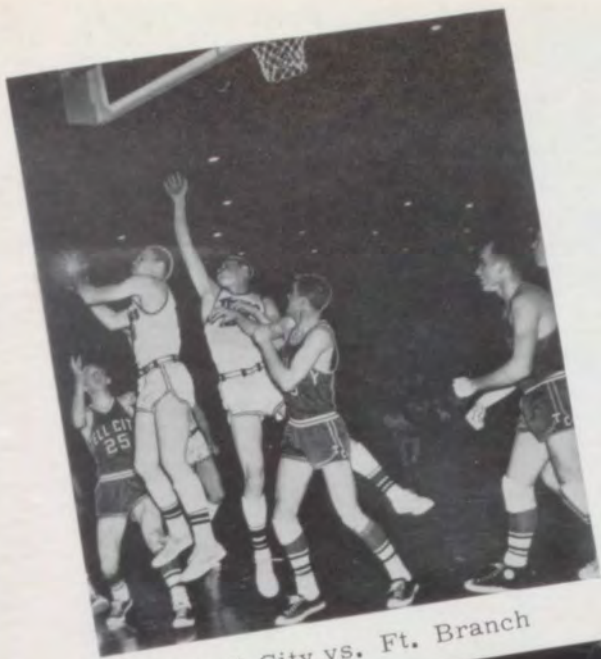

DEAR GOD: Help me to be a sports man in this little game of life. I don't ask for any place in the lineup; play me where you need me. I only ask for the stuff to give you a hundred per cent of what I've got. If all the hard drives come my way I thank You for the compliment. Help me to remember that You won't let anything come that You and I together can't handle. And help me to take the bad breaks as part of the game. Help make me thankful for them.

"And, God, help me always to play on the square, no matter what the other players do. Help me to come clean. Help me to see that often the best part of the game is helping the other guys. Help me to be a 'regular' fellow with the other players.

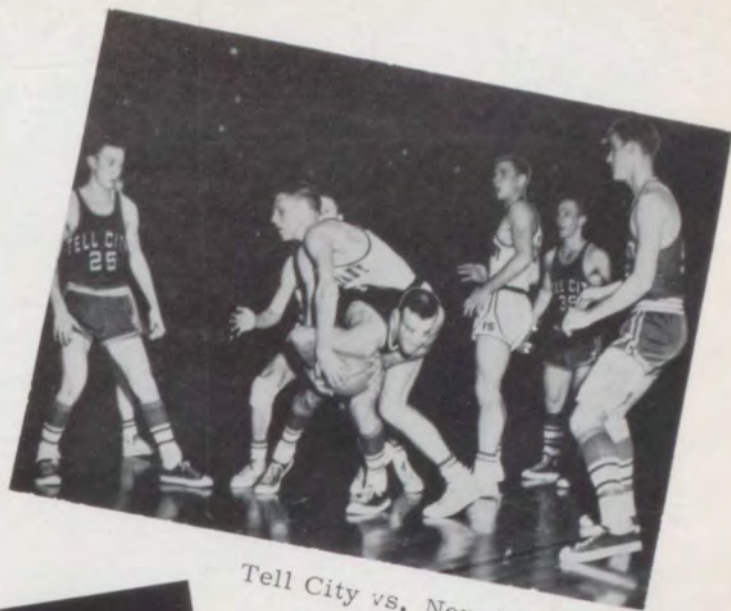

"Finally, God, if fate seems to uppercut me with both hands and I'm laid up on the shelf in sickness or old age, help me to take that as part of the game also. Help me not to whimper or squeal that the game was a frameup or that I had a raw deal. When in the dusk I get the final bell, I ask for no lying, complimentary stones. I'd only like to know that You feel I've been a good guy."

JAMES DARRELL BAKER

"Big Bake" has majors in English, math, shop, and social studies. A football hero... he was active in the magazine sales. Always joking, goofing off... Jim attended school at Huntingburg, Indiana, before coming to Tell City. "He has a head to contrive, a tongue to persuade, and a hand to execute mischief."

REBECCA LOUISE BALL

Becky has majors in English, commerce, home economics, social studies, and a minor in math. She was a member of the Pep Club and in G.A.A. She was on the Marksman Staff and participated in the magazine sales. She is noted for working at the bank. "What sweet delights a quiet life affords."

DOROTHY LOUISE  
BLANDFORD

Dona has home economics, English, commerce, and social studies majors. She was a member of the bowling league, F.H.A., on the student council, and an active member of the C.Y.O. She is noted for working every night. She dislikes people who are snobbish and her ambition is to be a secretary. "No sinner nor saint, alas; but, well, the very best of a lass."

GARY BLUM

"Blumers" has majors in math, English, and social studies, with a minor in band. Gary is in the Pacemakers Auto Club and a rip-snort bowler. He spends extra time drawing, and dragging Main Street. His ambition is to be an artist. He is noted for living fast. "I'm not afraid of work -- I can lie right down beside it and go to sleep."

PAUL WAYNE BLUM

"Frank" has agriculture, English, social studies and shop majors. Frank belongs to the Rod and Gun Club. His favorite food is steak and his pet peeve is '50 Chevies. He plans to join the army after graduation. "I just love the pigs and cows."

CAROLYN LEE BLUNK

Carolyn has home economics, social studies, English and commerce majors, and she was an active bowler in the bowling league for four years. She has been on the student council, co-editor of Marksman, football and basketball queen candidate and was a freshman cheerleader. She was varsity cheerleader for her other three years. A wonderful personality. . . her favorite food is steak and French fries. Her pet peeve is people who lie. "Oh how she laughed! and how she loved to dance."

### SHORT HISTORY OF THE CLASS OF '59

Our freshman class of one hundred fifty-two was the largest to ever enter our school. We selected June Wallace and Charles Lentz as our class sponsors. Our officers were Don Hall, president; Joe Kleeman, vice-president; and Bill Dreyling, secretary-treasurer.

With one hundred forty-six pupils we started our sophomore year with Pete Easley as president; Kenny Rowe, vice-president; and Karen Embry, secretary-treasurer. Charles Peter, Vicki McFarling, and Joe Kleeman were on the student council. George Alvey and Jack Hamilton were selected as class sponsors.

The two big events of the year were our class jackets and the band trip to Alabama.

The junior class of 1958 began with one hundred forty-two and ended with one hundred twenty-four. To lead us through the year, we chose Karen Embry, president; Jim Lasher, vice-president; and Phyllis Marcilliat, secretary-treasurer. Our class sponsors were Arlin McRae and Norman Kramer. Student Council members were Bill Dreyling, Gail Tribble, Barbara Rogier, Joe Kleeman, and Jim Lasher.

We put on the Junior Carnival, the Junior Play, a three-act comedy entitled "My Little Oscar." The event of the year was the Junior-Senior Prom which was held on May 10, at the K. of C.

Then finally, we started our last year with one hundred thirteen seniors. This being the busiest year of all, we selected Marcella Edwards, president; James Elder, vice-president; and Robert Louis, secretary-treasurer. Student Council members were James Elder, James LaMar, Polly Pierrard, Dona Blandford, and Linda Schauburger. Arlin McRae and Otis Saalman were selected as faculty advisers.

Those who left our class between freshman year and graduation were -- Don Hall, Carolyn Sims, Helen Alvy, Wanda Schank, Doris Miller, Joyce Nugent, Allen Olberding, Lowell Kellems, David Hauser, Bill Harding, Linda Hessig, Betty Phalen, Ann Gunn, Bonnie Amos, Ruth Meyers, Gail Alvey, Laverne Hagedorn, Dennis Durbin, Dave Cronin, George Litherland, Mary Harpe, Linda Smith, Ruth Gilliland, Mildred Bruggeman, Ruth Myles, Janice Sandage, Geraldine Genet, Joan Dooley, Vicki McFarling, Wanda Rearden, Ruth Williams, Larry Sprinkle, Connie Taylor, Jane Kieser, Roy Sturgeon, Darrel Mosby, Paul Champion, Gary Moseby, Daniel Osborne, Doris Boling, Gary James, John Crawford, and Brenda Spath.

Those who entered our class between freshman and senior year were -- Glen McCollum, Richard Casey, Polly Pierrard, Donna Dersch, Pete Easley, Dennis Englert, Phil Fella, Janice Jacobs, Curtis King, Doris Lautner, Mary Toy, and Gary Splater.

# TRIP

The ROAD OF LIFE means something different to each and every one of us, just as no two out of hundreds of people viewing a sunset, will ever see the same thing. What one sees or hears or thinks is determined by his or her heredity, environment, and mood.

The ROAD OF LIFE, very early in our own lives, leads into, across and coincides with, THE ROAD OF LEARNING, which enables us to take our stand as educated, literate, thinking, useful adults, and to carry our share of civic and family responsibilities. Our parents have told us (many times, we fear) that Life is much like a dime bank -- we get out exactly, and only, what we put into it, certainly, no more. Finally, after having followed the ROAD OF LEARNING for twelve years (short and wonderful ones, they were) we are just beginning to comprehend what they meant.

Some of the members of our class will continue to follow the road of learning next September, which brings us to the classes of 1960, 1961, and 1962.

THE  
YEARS

THE JUNIOR PLAY CAST

Some of the roads we have travelled in our school life have led us into some pretty tight squeezes -- often, a case of "paddle our own canoe." Remember -- your first long division problem that just WOULDN'T come out right? learning those states and capitals? when you thought square roots grew under trees? diagramming a complex sentence on the board when THAT SPECIAL PERSON was in the class, watching you? those conjugations and declensions in Latin? those theorems in algebra? valence and atomic weights in chemistry? Many problems we had to face alone, as we must cross the above bridge, definitely one-way traffic.

Fortunately, we had some help -- lots of help, from people who stood along the way, and backed us up at every turn, and pulled us out of every mudhole, giving us help, advice, and advantage of their experiences. Many of these friends have been real friends, and we can never forget them -- they have made us what we are. They have helped direct us to a better way of life -- they are the FACULTY AND ADMINISTRATORS OF OUR SCHOOL.

MR. SWADLEY, although this is your first year at T.C.H.S., we, the students feel that you have taken a great interest in our welfare. You have made many friends both in school and out in the community. We hope you will be with us for a long stay.

You have a very busy schedule each day supervising four schools. Besides being busy with your work at school, we notice you enjoy outdoor sports.

MRS. WETZEL, you have been a very efficient secretary during all our years in high school. If we cannot find something we need, or if we want information we usually ask you. You always have a smile and answer. You keep the financial records of our school in excellent condition.

Your leisure time is taken up by your hobbies reading and gardening.

We wish to thank you for all the help and information you have given us.

The Tell City School System is fortunate to have three men of this calibre giving their services to the citizens of tomorrow.

Mr. Rees, you have done very efficient work as president of the board.

Mr. Becker, being our secretary you have kept all our records in excellent order.

Mr. Hagedorn, you have the best job of all -- writing the checks.

We know you receive many headaches and much undeserved criticism as part of your job, but we, the class of 1959, would like to commend you for your farsightedness in planning, and your courage in carrying out, necessary long-range projects for the good of future generations of Tell City pupils.

MR. THRASHER, as principal you have many administrative and human problems of the school system.

You start the school day with announcements, from then on you are busy with parents, salesmen, reports, teachers, students, working with the student council, and sometimes even substituting for a teacher.

School wouldn't be the same without you, and your unusual sense of humor, and -- well, just your being here.

MRS. MEEK, being Mr. Thrasher's private secretary, you are a very busy person typing letters, getting out reports and all dealing with keeping the office in order. You have a lot of patience with the different students coming in the office each day.

You have a personality pleasing to all. We appreciate your kind help and understanding.

OFFICE WORKERS--ROW ONE: Beverly Webb, Mrs. MEEK, Karen Kuster, Faye Haller, Phyllis Brown. ROW TWO: Sharon Lautner, Eileen Harpenau, Recena Birchler, Bonnie Thornberry, Anna Schroeder, Linda Sutcliffe, Dalene Pekingpaugh, Pat Kuntz, Virginia Anderson, and Nelda Powell.

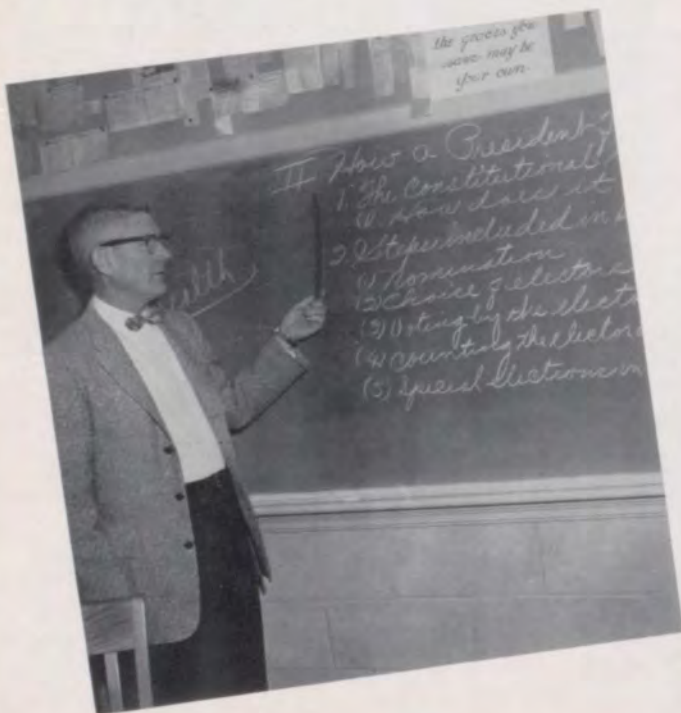

MR. LEE, although we have not known you all the thirty-eight years you have taught at T.C.H.S., we feel we became very well acquainted with you over the past four years. Can you imagine socialized medicine in a U. S. history class? And some of those things we talked about in bookkeeping!! You seemed to have been very well pleased with teaching, for you have been at it twice our lifetime. We really appreciated your understanding and advice, and benefits of your experience.

MR. PETER, we have noticed that you handle your classes with great ease -- perhaps this is due to your experience of handling children at home -- especially characters like Charlie. Besides teaching your favorite subject, math, you also seem to greatly enjoy outdoor sports.

During your twenty-eight years at T.C.H.S., you have taught many students. We hope you have enjoyed having us as much as we have enjoyed being in your classes.

MR. SPRINKLE, through the twenty-two years of teaching at T.C.H.S., you have come in contact with many students. Each and everyone have enjoyed your classes very much. You have taught them how to become better citizens. Through your interest in the students at T.C.H.S. you have started bowling leagues and in the spring you get students interested in golf. You take much interest in the welfare of the kids of Tell City. Thank you.

MR. SLIKE, it was your leadership ability and drive that made our "Marching Marksmen" the best in the nation. It was your determination and our hours of practice that gave us a PERFECT SCORE at the Salem contest.

Our years under your direction will never be forgotten. Of course, there were demerits, and, oh my! those horrid sectional practices! But they will all be remembered with warmth and feeling. We thank you for your time spent in helping us.

MR. BEATTY, through the eighteen years of teaching at T.C.H.S., you have made friends with many students. You have worked very hard on the school paper. Seeing that the material is ready, typed up right, and out on time, we know that we couldn't get along without your help on the annual. Whenever we don't know what to do, we come running to you for help. All of your ideas have come in handy. Besides being busy working on the school paper and giving advice on the annual, you are busy teaching Latin and journalism. You are a busy person.

Thank you, Mr. Beatty.

MR. LOFTIS, being an agricultural teacher, you know many things about farming and preserving the ground and forest. By the way the hills and ground looks, we need a lot of learning on how to control such conditions. Many of your students will be our country's future farmers of America. With your sense of humor, you are very easy to get along with. Good luck in your future years of teaching!

MR. CASSIDY, by your teaching and assistance in commerce, we hope we all make fine secretaries and stenographers for the businessmen of Tell City. Although shorthand was a hard subject, we all enjoyed your classes very much. My, those rushes in the bookstore. We wish to show our appreciation for all the things you have taught us in T.C.H.S., and for your understanding sympathy.

MR. LOWE, it was impossible for you to teach just commercial subjects -- you just couldn't help giving an informal education that the books didn't give.

There is another side of you too -- your sense of humor. Without this, your classes would not have been nearly as interesting.

We also wish to acknowledge your ability in teaching. You know how to say things, so that it is easy to understand and learn. Thank you, Mr. Lowe.

MAC, the students who have had you in class can say your classes are enjoyable. You took time to help those needing extra help. We are glad to have you as a member of our faculty.

Through your artistic ability, you helped us a great deal with our prom, junior carnival, and plays. Your ideas for scenery in our plays and the theme for our prom were very helpful.

Being our senior class sponsor, you have helped us in all our projects, and in making them a success.

We thank you for all your help.

MR. CUMMINGS, since this is your sixth year in Tell City, you have had most of us in your biology classes.

We have learned a lot from your class instructions. It was exciting for us to use a microscope, and see all the different forms of bacteria and germs.

You are very busy being the business manager of our athletic department.

You are always cutting up in the halls or in the office. You have a personality that cannot be beat, you are liked by all.

MR. SAALMAN, you have taught us, the students of T.C.H.S., history and English for the past four years. You have helped us tremendously in our junior and senior plays. Without your help, they probably would have been failures. Can you imagine a class recitation going by without politics entering in? We certainly can't. We always enjoyed the discussions we had in your classes. They will be remembered by all. Good luck on your new invention, the automatic baby rocker. It seems you should have invented it several years ago.

MRS. LOWE, you have had most of the senior girls in home economics classes. We have benefited greatly from your class instruction and your advice. We have had times of amusement in your classes along with our class work. The things you taught us about sewing and cooking we can use when we get out in this world and have our own homes and families. You have served well as our guidance assistant in high school. We have appreciated the help and guidance you have given us.

MR. JONES, it is through your skillful teaching and wise judgement, that we, as seniors, may leave this school with a better knowledge and understanding of industrial arts. Your ten years of teaching have benefited many students.

Your interest in sports has been shown by your attendance of our sporting events, and support of our athletic programs. Our best wishes to you during your future years at T.C. H.S.

MR. ALVEY, it is through your teaching and understanding of students that you have become one of the most popular teachers in Tell City High.

Your help on our coaching staff as well as your teaching of industrial arts and metal shop may help us to earn a better position in life.

We hope your future teaching years are as successful as the past four years have been here at T.C.H.S.

MR. WALK, we have profited greatly by your advice. You have helped many students who have graduated and those who are looking forward to graduation. You have helped us pick subjects that would help us for our future vocation. Here's to your success with future classes!!

MR. KRAMER, this is your third year of teaching at Tell City High, but not your third year in Tell City. You have done a great deal for your alma mater's basketball team, both as a coach and as a player.

The hours you have spent in helping us, not only in basketball, but in health class and driver training, have been much appreciated. Keep up the good work!

MRS. EASLEY, the two years you have taught here have been happy ones for us. Your English classes and gym work were always enjoyable. Except for your interest in our Pep Club, it would have been a failure. You helped in the G.A.A. and Pep Club which made them very enjoyable. Through your help, we had good ones.

We are pleased to have you as a member of our faculty. Thanks, Mrs. Easley

MRS. CLARK, though you are not teaching here anymore, we all remember the kind smile you always had on your face. We didn't want to see you move to Idaho, but you wanted to go and live with your husband who is stationed there.

We enjoyed your cheerful attitude in classes. You have your spare time taken up by your hobbies, sewing and swimming.

We wish you good luck in your new teaching position.

MRS. ELVERDA WALTERS, a former teacher at T.C.H.S., came back to our school, to finish out Mrs. Clark's year. It's always nice to have you, Mrs. Walters!!

MRS. HIBBS, it was your interest and knowledge that makes your classes in English very interesting.

We noticed that you have a wide variety of hobbies, such as interior decorating, playing chess, writing novels, singing, and especially, cooking unusual dishes. During the summer months your time seems to be taken up by working in a T.V. workshop and helping out at youth camps.

May your future years in teaching be happy ones.

MR. ROBERTSON, although you have spent the past year teaching in the grade schools, we appreciate the help you have given us in marching, technique, and contest music. Had it not been for you directing our swing band, what a time we would have had!! We sincerely thank you for your time and help.

MRS. GANCHIFFF, you haven't been here long enough to have very many of us in class, but the ones that have had you enjoyed your classes very much. There is never a dull moment in your classes.

You always have a helping hand for those needing extra help in English.

MR. SMITH, your forty years of teaching have benefited many students in the field of science -- the subjects you have taught are chemistry, physics, and senior math.

Your lectures and laboratory demonstrations have been beneficial to all concerned. We notice you like reading, golf, and traveling.

It has really been a pleasure for all concerned to have had you as a teacher this year.

MR. WYMAN, being your first year at T.C.H.S., you have worked hard with the basketball team. Your health class is very educational and interesting. Your ability of getting along with people has made you a very good teacher and coach.

We wish to acknowledge your help and advice you have given our players.

Thanks, Mr. Wyman for bringing our boys as far as you did in the semi-state tourney.

We wish you good luck in your future teaching and coaching years.

MR. MC QUEEN, you are always busy correcting papers and making out tests, but you find time to enjoy current events, sports, attending lectures, and going duck hunting.

You have traveled many a mile while in Europe. In fact, it was about 40,000 miles. While in Europe you worked for the Army Security Agency and the Special Service Division.

You are always seen in a cheerful mood, cutting up in class, and speaking to everyone you meet. Good luck in the future.

MR. ROOS, it was through you and your knowledge that we achieved a better understanding of our government. We have benefited greatly from all your classes.

Some day you may see one of your former students as a great leader in this country, and you will know that you helped this person in some way to become what he or she is.

Thank you, Mr. Roos, for your help and understanding.

MR. JOHNSON, this being your first year at Tell City, you have made many friends among the student body. You teach general business, and you are our football coach. Your sense of humor has made your classes more interesting. You also put fire into the pep sessions with your singing ability.

We wish you luck in your future teaching years.

MR. RICHARDSON, with your busy schedule, teaching physical science, algebra, and general math, you have a full day teaching. But it is not all work and no play, we note that your hobbies are hunting, playing baseball and many other sports, and gardening. Good luck in your future teaching years.

MISS DE WEESE, through your experience of being a librarian you have helped many students in finding material they needed for their themes and reports. You have a wide variety of good books for us to read. The Library Bulletin Board always looks nice, and displays all the new books that are in the library.

Besides being busy at school you seem to be interested in out-door sports. Thank you for all your help.

MR. MULLIS, you have worked hard in keeping the school and halls looking nice and clean. During your four years at T.C.H.S., you have made many friends. You are always seen mending things around the school to keep it in tip-top condition.

MR. SMITH, you are known better as "Check" to the students and teachers around school. You are busy the entire year keeping our school in condition. One of your daily jobs is to deliver food to the different schools.

MR. ARNOLD, you have been here for seven years, you have done efficient work all along. You are liked by everyone. You are always on hand in getting the stage set for our plays and setting up the concession stand for the ball games.

Thank you, gentlemen, for your interest in our comfort and welfare.

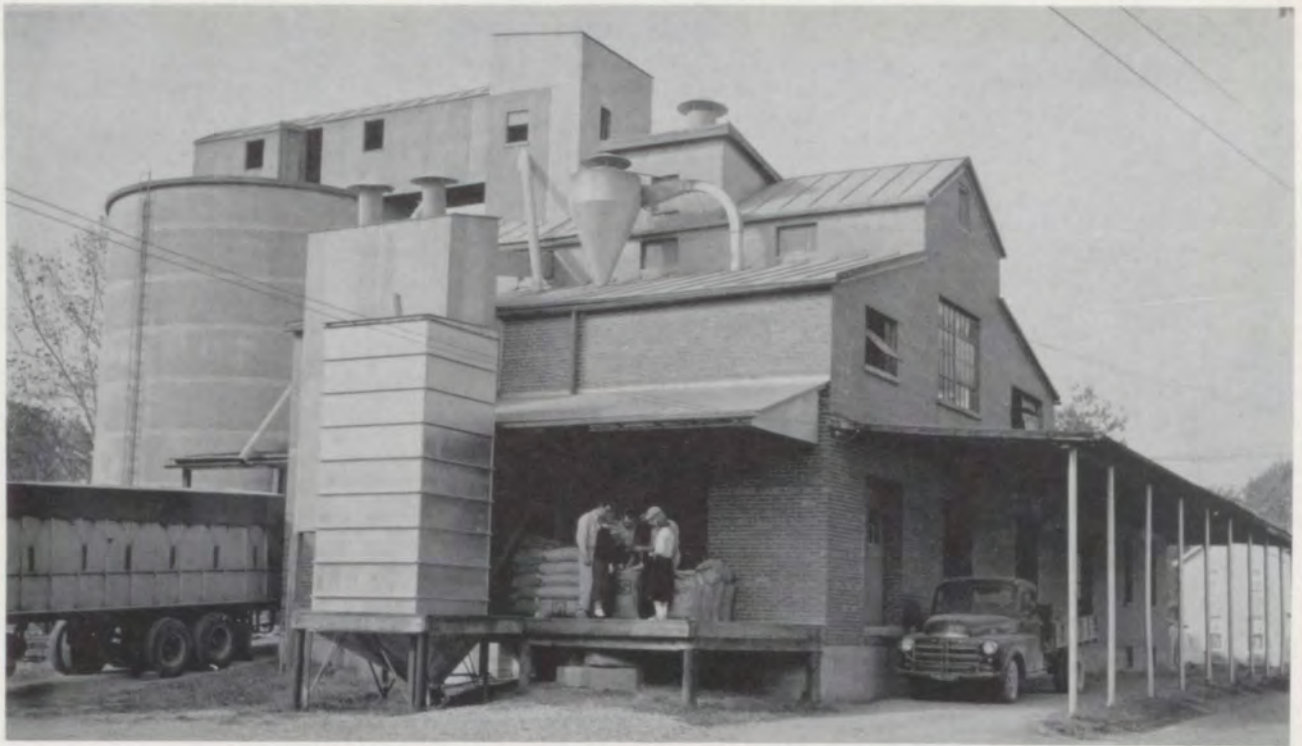

The ROAD OF LIFE, for boys and girls, leads from many diverse directions, over many hills and around many curves, into and through twelve years or more of formal schooling, and then, into many, many widely separated directions, as childhood blends into adulthood.

In this Book of Memories, we, the class of 1959, are attempting to capture and record some of the rough spots and attractive vistas of the formative years of our life.

We, the Seniors of 1959, have benefited greatly from traveling the ROAD OF LEARNING -- we have enjoyed it. We know that our twelve years of education has cost somebody a lot of money -- perhaps three thousand dollars for each of us. For this education, we are indebted to our parents, our adult neighbors, and the businesses of our area. Without their drive, their long range planning and civic pride, our community would not be what it is. -- Which reminds us -- THESE people are our friends and it is with pride that we present their message to you. Don't forget THEM when you need a car, some furniture, groceries, tires, insurance, or other merchandise.

Come with us, as we visit our leading business concerns.

"For the best in feed, grain or seeds, the BRISTOW MILLING COMPANY can't be beat," says Polly Pierrard, Curt King, Richard Peter, Charles Peter and Karen Embry.

"For the best chickens in southern Indiana, see Mr. Shephard at SHEPHARD'S HATCHERY", say Anna Schroeder and Bill Ramsey.

"If you want the most delicious foods, plan your next dinner, supper or party, at the SUNLIGHT HOTEL in Cannelton" says Gary Stutsman.

For ready mixed concrete in any amount or formula, at any time or place, call MULZER BROTHERS. Here, one of their big jobs is completing some walks at the new motel.

"At EGER STUDIO you can find the greatest variety of cameras and many other supplies," says Donna Riley.

"HESS' is the place to stop," says Gene Reed, "they have friendly service to please you."

Sandra Huebschman and Marcella Edwards have learned that for prompt, courteous service, there's no place like the TELL CITY NATIONAL BANK.

Jemma Herman is showing Loren Stephens one of the beautifully styled cabinets produced by the WILLIAM TELL WOODCRAFTERS.

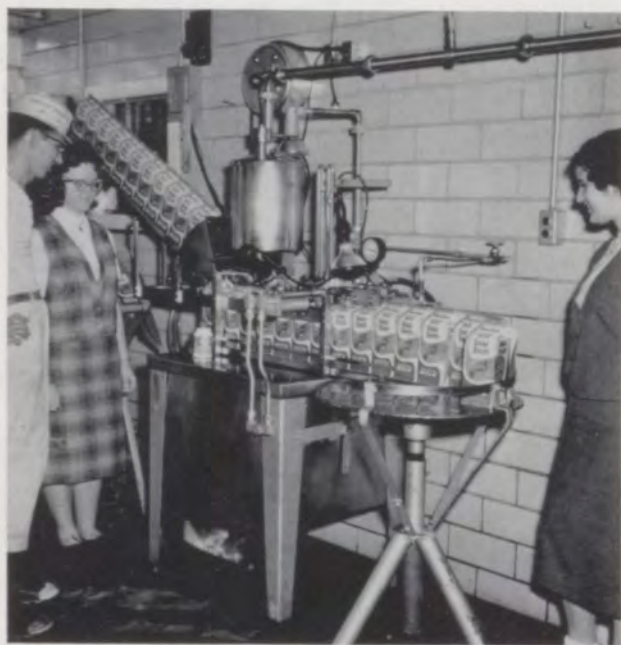

Everyone needs insurance to protect his possessions. Phyllis Perryman and Mary Toy want the best, so they've gone to the EVRARD AGENCY.

A cheerful atmosphere can be added to your home by using furniture, like this maple dining room set, from the TELL CITY CHAIR CO., producers of finest furniture.

Patricia Kuntz, and Dalene Pekinpaugh are being shown some of the modern machinery that GNAU DAIRY used to carton its Grade A milk.

M. B. Finch is showing Nelda Powell and Dave Scott how floral arrangements are made for a funeral at FINCH'S FUNERAL HOME.

Dorotha Seibert and Phyllis Speedy agree with Marcella Edwards and Mary Jenkins that for the best in Movies, you just can't beat the SWISS OR OHIO THEATERS.

"The GOOD FRIENDS SHOP gives service and style to please" say Janet Ramsey and Dolores Leclere, as they check both.

"This Ford has everything" says Bev Devillez and Marion Labhart, as they try one out for size at the WERNER MOTOR COMPANY.

"That's just THE table setting for me!" says Shirley Smiley, as Glen McCollum looks on. They have learned that ROLAND'S have the right selection of silverware, china, crystal and jewelry to please everyone.

Charles and Bruce Paulin and Homer Dauby are telling Dennis Cook how they repair tires at BLACKIE'S TIRE SHOP. Even though Dennis doesn't understand how it all works, he knows that BLACKIE'S is the place to go for tire repair and service.

Carolyn Ramsey knows where to go for the best in home-killed meats, and groceries. She says: "For the best, go to BLINZINGER'S MARKET."

For the best in music, electrical appliances, and service, see MANSFIELD AND YAGGI, " seems to be what Pat Jarboe and Joe Kleeman are saying.

Nelda Powell, Gail Tribble and Janice Jacob know that you can always find beautiful flowers at BOB'S.

"The equipment is the best, the service is tops, and the prices are right at HILGER'S LAUNDRY," says Joetta Kirchgessner.

Becky Ball and Dona Blandford are learning the best way that the BLUE CASTLE really specializes in fast service and good food.

Janet Boerste, Pat Jarboe, June Hoesli and Janice Jacobs have learned what everybody else in Tell City knows-- the place to stop for good ice cream is the FRIGID WHIP.

Linda Schauburger and Orpha Curl say: "For the best in plumbing, electrical and refrigeration service, call NORMAN HUEBSCHMAN."

"For the best in automotive services, go to the BAYSINGER BROTHERS SERVICE STATION." Marion Labhart knows that Baysinger Brothers see that their customers get the best service.

These students know that the people at the FREEZER FRESH are always "ready willing, and able to serve you.

At A & G MOTORS Sharon Austin and Judy Sergesketter seem to be singing, "Oh it's great to take the wheel in my merry Oldsmobile."

A satisfied grin from John Hodde assured Carl Hobbs that he'll be back for more friendly service from HOBBS SERVICE STATION, on Main and 37.

"I'll take about a pound of that," says Bill Dreyling, as he points to his favorite kind of candy, found at FREDERICK'S 5¢ TO \$1 STORE. He knows, "They Have The Values."

"For building supplies of all kinds, paint, and storm doors THE OHIO VALLEY COMPANY is the place to go," say Louis Dauby and Carla Hobbs.

Mike Wilmes knows that the place to go for the best quality of tin work is the VALLEY TIN SHOP.

Gerald Deom stands by while clerk Johnny Noble is helping him at NOBLES SUPER MARKET, highway 37. "Profits Small, Business Great, That's the way we operate."

Doris Huebschman knows the best place to go to get a prescription filled quickly and for all your other drug needs, is the WERNER DRUG STORE.

Dudley Maddox knows that the place to go for dependable service is GEORGE'S SALES AND SERVICE.

"Parts, supplies, repairs---all at one place---that's for me," says Rodney Young at SCHAEFER AND PAULIN'S.

Karen Embry agrees with her father that for variety of selections, quality and price, there's no place like WESTERN AUTO SUPPLY STORE.

"Auto glass, plate glass, window glass---TELL CITY GLASS SERVICE has it all," says Don Mann and Jim Lasher.

"For the best variety of paint colors," Barbara Kilian says "Go to PARKERS, as they have the merchandise and experience."

"What should I choose?" Charles Peter is having a hard time deciding what he wants at the candy counter of TRESSLER'S DIME STORE.

Lois Hall tells everyone to go to HINTON BROTHERS for the finest poultry and farm supplies.

"At MALONE'S SERVICE STATION, good service is always available," says Eugene Johnson.

"The Whirlpool gas refrigerators, stoves and dryers are really o.k.," say Phyllis Marcilliat and Paul Blum as they look over the New Models at OHIO VALLEY GAS CORP.

Earl Klenck is showing Dave Kress and Jim Lasher the 1959 Plymouth. Dave and Jim know that the place to go for a new Plymouth or DeSoto is the TELL CITY GARAGE AND MACHINE WORKS.

Larry Sandage and Charles Schadd are looking over one of the fine selection of gas furnaces you can find at HERMAN PETERS' HEATING AND PLUMBING COMPANY.

"The store on the corner always does business on the Square" says Don Dauby as he looks over the wide selection at CURT DAUBY INC.

"DAUBY'S--the big store on 11th street have EVERYTHING!" says Brenda L. Howell.

Brenda Wills and Gail Tribble have learned that RHODES SHOE MART has the variety and style in shoes to fit every member of the family.

Nancy Hein says Sharon Austin has the right idea when she goes to MARY RUTH'S---the store for the "best-dressed women."

Linda Werner and Linda Sutcliffe know that the TELL CITY BAKERY has beautifully decorated cakes for every occasion--birthdays, weddings, or just every day.

Charles Peter, Dave Kress, and Bill Dreyling know that for the finest selection of men's and boy's clothing, you should go to JIM'S.

Donna Blandford is purchasing an Esterbrook ball point pen from the large assortment of pens that the TELL CITY NEWS OFFICE has on display.

"I'll take it." It didn't take Lena Murphy very long to decide what she wanted. She said, "GOFFINET'S is the place to buy."

"There's no gamble when you buy GAMBLE'S," says David Bivin.

"Who's getting wet?" says Mark Hubbs and Robert Louis. They do look mighty dry wearing rain coats from HAUENSTEIN BROTHERS, who have the finest in men's wear.

"The place to sip a soda is at the SNAPPY GRILL," says Nova Son, as Brenda Wills and Sheila Briggeman agree.

# HIGHLIGHTS

# SHIRT-TAIL DAY

We leave the halls of T.C.H.S. with regret.

We must pause for one long, last, parting look at our Second Home for the past four years -- the scene of many triumphs and heartbreaks, the scene of the realizations of many goals, our away-from-home headquarters during the period of our lives when we ceased being wiggly boys and girls and tried our best to be mature human beings.

Our ROAD OF LIFE has been broadened by our ROAD OF LEARNING. Now, each of us will help build more and better roads for others, younger than we, who will follow us.

It will be up to us to give the coming generations an opportunity to travel this ROAD OF LEARNING. This is one way we can say "Thank You" to our community for our twelve wonderful years of school life, for giving us a liberal education, a chance to get and hold a good job, for giving us many pleasant school-life memories.

Adios, Au Revoir, Auf Wiedersehen, Valete, Aloah and Farewell! Good Luck, Classes of 1960, 1961, and 1962!!
