MARKSMEN GAME PLAN

SPORTS

Whether they play on a court or a field, indoors or outdoors, our Marksmen athletes work hard to reach their goals and surpass onlookers' expectations. They follow their coaches' instructions to lead them to the top and ultimately to personal victory. Training to succeed, these athletes put their hard work on display for all to see in competitions and games. They don't look for praise to boost their egos because they know they are Marksmen, and Marksmen need only each other to survive. Our Marksmen players take pride in their skills. The competition would stand no chance at beating them in a battle of spirit.

Sophomores Trent Harding and Makenzie Alvey dance in the center of the field during the ballad. This was Harding's first year and Alvey's third year in the color guard.

The band director, Mrs Edmondson, said, "We had a lot of new marchers this year. The band really stepped up to the plate to get through the season and accomplish their goals. We had a great season. The Marching Marksmen ended their season at Regionals, with a gold rating.

Every team member's goal was to set their own personal record. To prepare the tough swimmers for the season, they had to swim three to five hours per day. This was very hard training that not everyone could do; only the ones that could get past all of the challenging practices survived. ONE LAST SHOT

ARCHERY

The Marksmen archery team passed Regionals to advance to State and then on to Nationals. They practiced hard to get to that level by having morning and evening practices; some practices included shooting instructors that helped the archers. The coach's goal for the season was to make it in the top 100 at Nationals. The most favorite moment of archery season, said by most of the archery team members, was the bus ride to and from State. They came back three games later with a win against Tecumseh. The team consisted of six seniors, two juniors, and six sophomores. In every game the boys pulled together at the end with great attitudes. The Marksmen always had enthusiastic fans at all of the games. The team spent the season pulling together.

Sophomore Makenzie Alvey gets ready to bat. Alvey played varsity pitcher and infielder.

THE FINAL PITCH

SOFTBALL

The Marksmen softball team worked very hard to get to Sectionals. The team worked very well together and had good chemistry with each other. The girls' effort improved throughout the season. Coach John Hayes' goal by the end of the season was to be competitive in the Sectional. This was a young team, so they wanted to improve throughout the year and to be competitive at Sectionals. "Our Sectional is one of the toughest in State," said Coach Hayes. "Being able to coach players that want to get better is what I enjoy most," he added.

TIP #4

Gum, a valuable item in high school, is best kept out of Mr. Bill Alvey's class or you risk it being thrown away.

TIP #5

Be quiet in the library because Mrs. Alvey is watching you.

TIP #6

In Mr. Dave Alvey's class you have to watch your words, or they'll come back to haunt you with a bite of sarcasm.

MARKSMEN SURVIVORS

PEOPLE

When students, staff, and visitors enter the halls of Tell City High School, they can feel our school's pride. The Tell City Marksmen are surrounded by walls of trophy cases and pictures of past students and their achievements as part of this school. But what students of TCHS want to see when they look into those cases and frames is their own faces looking back at them. This hunger for recognition is what makes our students strive for excellence in everything they do.

What our students need to know is this: You are being recognized.

In every page of the 2012 Tell City High School yearbook, our students can see themselves and their peers smiling back and know that they survived yet another high school year.
